SHORT ANSWER QUESTIONS

9. How could I have better helped you learn in today's lesson? (17 responses)

- Been slightly more clear about what we had to do.
- Given us a little more time to think of questions
- clearer instructions

You can also access student feedback via an excel spreadsheet. Do this by clicking the EXCEL button on the top right corner.

This button gives you OPTIONS to email, download & print responses

WORKING WITH GOOGLE FORMS

STEP 1

- ▶ Send a google form link to students by setting up a google account.
This will allow you to create a google form and receive feedback from students.
This is free and easily done at <https://accounts.google.com/signup>.

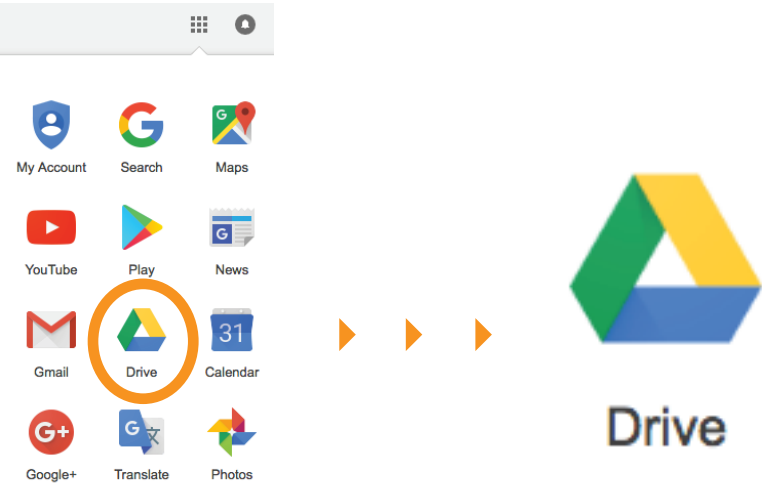

STEP 2

- ▶ Access your google drive (this is located on the right hand side of the top panel) ▶ ▶ ▶ ▶ ▶

STEP 3

- ▶ Access the 'DRIVE' icon ▶ ▶ ▶ ▶ ▶

STEP 4

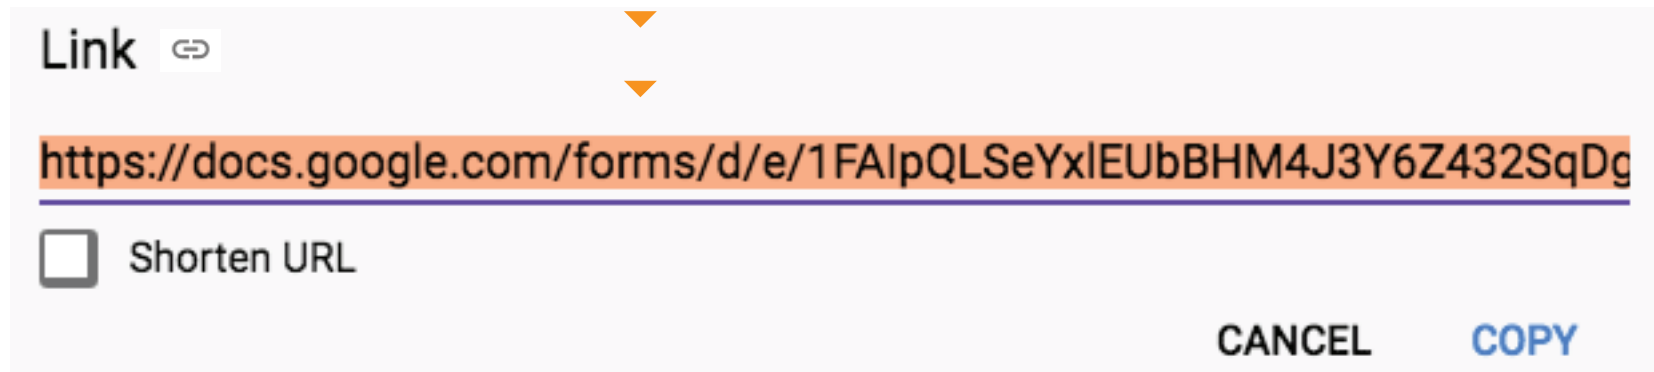

▶ Create a 'GOOGLE FORM' by right clicking into the relevant folder and

STEP 5

▶ Create and edit questions as needed and then click the  button (top right corner).

Click the LINK button then copy the URL provided and send this to your students.

STEP 6

▶ Retrieve Student data
Do this by double clicking into the GOOGLE FORMS SHEET and selecting the RESPONSES tab.
This tells you how many students have completed the form and updates in real time.
